

Welcome to Ruggell

Our town hall

There are over 40 people working full and part time for our municipality. We are currently training three apprentices.

The municipal council consists of nine persons, including the mayor and the vice-mayor. The municipal council meets every three weeks in the town hall. The municipal councilors actively participate in various commissions.

Liechtenstein

Ruggell is the northernmost municipality of Liechtenstein. Over 39,000 people live in this country.

Liechtenstein is rather known for being mountainous. However, Ruggell is mostly flat and lies along the Rhine River, where it borders Switzerland and Austria.

Bicycle Village

Because Ruggell is so flat, it is often called a bicycle village (Fahrraddorf).

One day a year (first Sunday in May) the roads in Ruggell and the surrounding area are closed to motor vehicles. Only cyclists, inline skaters and pedestrians are allowed on the streets. This event is called "slowUp"

Ruggell – active and attractive place to live for everyone.

Population: 2474
Altitude: 433 meters above the sea
Area: 7.378 km²

Family friendly community

In 2018, Ruggell was the first municipality in Liechtenstein to receive the "Child-Friendly Municipality" label. On August 15, 2022, this certificate was extended by UNICEF for another four years.

Nature reserve Ruggeller Riet

The Ruggeller Riet stretches over 90 hectares in the northernmost municipality of Liechtenstein. The local flora and fauna make it an impressive area - Perfect for nature enthusiasts. Lowland marshes, ponds, hedges, trees and rough pastures make this area an ideal breeding ground for many endangered animals and plants. Even the stork and the beaver are back there. The flowering of the Siberian iris transforms the Riet into a blue carpet every year.

Industrial zone

Liechtenstein is a stable and business-friendly country. Over 5'295 active companies, offer over 43'000 jobs. In Ruggell there are over 480 different companies with over 2'000 employees.

The advantages of Ruggell:

- short distance to Switzerland and Austria
- good public transport connections
- nature surrounding the industrial zone (recreation area)
- innovative and clean industry
- excellent infrastructure
- hotels, restaurants and fitness/wellness center are in the same area

The church St. Fridolin

Culture in Ruggell

The Kuefer-Martis-Huus, opened in 2002, is the museum and cultural center of the municipality of Ruggell. Exhibitions on regional topics and various events take place in the listed building.

Clubs in Ruggell

In addition to cultural events and nature, the people of Ruggell appreciate the active and varied club life. However, the clubs not only contribute to the leisure activities of the population, but also bring great added value to the community with public events such as concerts, entertainment and sporting events.
